The Glove Contest Bill

A bill was introduced yesterday to restrict glove contests. Under the old way the glove contests have been fakes and swindles of the first water in this State. The present bill is a high licensed proposition, and each contest will have to pay \$250 into the treasury of the County when the contest comes off. This is a bill which will do away with the petty tramp boxing affairs and only men of pational reputation as boxers can give exhibitions under the law. As these affairs cannot be stopped they should will certainly have that effect.
